Create a simple 3-panel comic story about "{theme}".

The story must be about a student who finds a mysterious magic watch.

Panel 1:
The student finds the mysterious magic watch.

Panel 2:
The student turns the watch and time starts moving backwards.

Panel 3:
The student uses the magic watch to solve a mysterious problem.

Return exactly 3 panels.

Separate each panel using three hyphens:

Panel 1: ...
---
Panel 2: ...
---
Panel 3: ...

Keep the story short and simple.
Do not use markdown formatting.
